# 2026 Australian Plant Photography Competition

*Get your images ready for the premier opportunity to showcase the beauty and diversity of our unique plant life.*

## Categories

*Rare & Threatened*

*In Bloom*

*Conservation in Action*

## Partner With Us!

Your organisation is invited to donate a prize to this premier plant photography competition! This would be an excellent opportunity to promote your organisation to community groups, private businesses and the wider public that are interested in the conservation of native plants. We will work with you to publicise your company during promotion of the competition via social media and our website, at APCC15, and through Plant Conservation Australia's quarterly publication **Australasian Plant Conservation** – which has an overall readership in the thousands.

## Audience

The winners of the competition will be announced at **APCC15 – the Australasian Plant Conservation Conference** – in Port Douglas on 26th August 2026.

APCC15 will bring together land managers, scientists, practitioners, agency staff, students and volunteers from across Australia to discuss the latest plant science and how to address key threats to flora conservation in Australia.
